2. Risk Assessment				
Identify and list Hazards		List Current Risk Controls	Risk Rating	List Additional Controls <i>(if any - where current controls are not adequately managing the level of risk)</i>
1	Main roads	Field completely fenced in on three sides, tree line barrier on other side	1	We have ground officials present at all times throughout the day. Parents and coaches of participants are also present
2	River	Fence all the way along the river	1	We have ground officials present at all times throughout the day. Parents and coaches of participants are also present
3	Canteen / BBQ area	Completely surrounded by tables and a barrier. No one under 16 allowed in either area	1	Adults man both areas throughout the day. The Canteen is in a locked area with a gated door at the corridor leading to the canteen door. The BBQ is blocked off from public access by a barrier and tables.
